

# National Telehealth Foundation School Sponsorship Program

## **Program description:**

The National Telehealth Foundation (NTF) is seeking financial donors with an interest in addressing the mental health needs of youth grades K-12. The Foundation has developed a unique program to leverage industry partners, workforce development of future mental health professionals and community advocates for local markets. NTF manages the flow of funds, granting of distributions, and satisfy reporting requirements. With donor support, NTF's offering will offer each school a package solution to address the immediate need of mental health services.

## **Donor sponsorships provide the following support:**

- Provide NTF the ability to work with proven 3<sup>rd</sup> party mental health professionals and organizations, i.e. NTS
- Support NTF's workforce development effort to address the mental health professional shortfall of each targeted school
- Provide targeted schools with a minimum of one(1) year mental health services for grades K-12
- Demonstrate community impact and tracking of each acquired school
