

National Telehealth Foundation

OUR PURPOSEFUL STRATEGIES

MISSION STATEMENT

To provide creative and efficient on-ramps for all individuals and organizations who aspire to engage in mental health delivery to youth grades K-12 and communities in need.

IDEATION

Will use research and the data gathering process to identify the mental health needs of youth, grades K-12 particularly in underserved communities.

CONCEPT DEVELOPMENT

Will take a collaborative approach towards best serving the mental health needs of youth, Grades K-12, including mental health professionals, community leaders, organizations and partners to build a versatile network.

TARGET AUDIENCES

- Youth, Grades K-12
- Underserved Communities
- School Districts
- Non-Profits
- Associations
- Individuals

LAUNCH AND EVALUATION

Develop and build a Foundation that will increase its credibility in communities through the Mental Health Services it provides to Youth, Grades K-12.
